Dear Sid Lewis,

Thank you very much for your participation in California World Music Festival 2000. We heard many positive comments from players trying out jamming for the first time as well as more seasoned festival jammers. Your Jamming 101 workshop gave new players the confidence to try out playing music with others in a comfortable setting. You had helpful hints for musicians at all levels of playing and we believe the workshops increased the night time jams in the campground.

We were very pleased with the turn out for your sessions. It was a wonderful experience for many festival goers to actively participate in a workshop and enjoy playing with other musicians.

Again, we thank you for this excellent workshop for the festival. You are welcome to direct any other festival organizers to call us for a reference.

Sincerely,

Dan DeWayne
California World Music Festival Co-Directors
